About us

SfS high school established in the year 1982 is a pioneer in providing quality education transforming ordinary students into extraordinary achievers.

The school run by the missionaries of St. Francis De Sales (MSFS) of the South West India Province has carved a name for itself among the top schools, offering state board curriculum from Prekg to class 10, the medium of instruction being English.

This temple of learning was inspired by our heavenly patron St. Francis De Sales who considered knowledge as the eighth sacrament and hence the name of the school.

The school firmly believes in the core value advocated by our founder Fr. Peter Mermier- "Education of the heart is the heart of education."

SFS High School nurtures in its wards a competitive spirit to excel in the professional world, by creating an authentic learning environment where students are capable of transforming themselves and act as catalysts to transform the society too by applying their learned skills and knowledge to solve the real world problems.
